

Campaign Tracking Plan

Define what VYBE can verify before delivery begins.

Campaign

Campaign ID / name	_____
Placement surfaces	_____
Reporting window	_____
Destination URL	_____
Offer code	_____

Valid measures

- ☐ Impression: an eligible placement render recorded by VYBE.
- ☐ Click: an eligible call-to-action interaction recorded by VYBE.
- ☐ Conversion: an approved business outcome sent through a connected, validated event source.
- ☐ Offer claim: a VYBE member or session claims the recorded offer.
- ☐ Verified redemption: the business or VYBE confirms an eligible claim.

Reconciliation rules

- ☐ Exclude internal tests, bots, invalid sessions, duplicates, and malformed events.
- ☐ Do not report conversions until a validated source is connected.
- ☐ Document time zone, attribution window, filters, and known limitations.
- ☐ Admin totals and partner-facing totals must reconcile to valid event records.
